Dear Dr. Ferber and ALL Members of his Team:

Six months ago, after searching for three years for someone who could fit me with lower dentures. I stumbled across your ad. I was so hungry for steak, lobster, cashews, a hotdog, salads, and everything else that I craved, I was ready for anything or anyone who could provide this service. I am 81 and felt that this was an impossibility.

In December of last year I was promised by your office that my dream would take place in time for Christmas. Imagine my excitement at this news!

All I wanted for Xmas was my lower dentures! On the 19th of the month, I was presented with this gift and I was delighted that night to eat my tossed salad with onions, celery, etc. along

with my hamburger (WITH raw onions) , MY DREAM HAD COME  
TRUE!

Of course there were problems - it took my three more visits  
to learn how to insert the teeth myself but I was determined!  
Thank you to the surgeon who was so kind during the first part  
of this procedure - to each technician who worked so hard to  
make sure everything would be as perfect as they wanted - and  
to Dr. Deese who supervised. Everyone was jusy wonderful  
and, being a former personnel director myself, I couldn't have  
picked such an excellent team myself. The clerical personnel  
were also outstanding and I want to thank each and every one  
of you for making this old lady feeling like living again even if  
I do gain weight!

MY SINCERE THANKS TO ALL OF YOU!
